Monstrous Black Holes!

Join us at the Carmel High School Planetarium as our brand new program explores black holes in the Milky Way Galaxy and beyond. Huge black holes are now known to exist at the centers of most galaxies. This program will explain the properties of black holes, where they come from, and the evidence for truly monstrous black holes-even in our own Milky Way Galaxy.

This will be a fun and educational journey for the entire family!

Recommended for audiences of ages 4 and above.

Running Time: 45 minutes

Presentation Date:
Saturday, October 17, 2009
7:00 PM and 8:00 PM

Tickets are available in advance at the **CHS Bookstore** from 8:00 AM – 3:00 PM starting October 5, 2009.

Adults: \$4.00

Children, Seniors, CHS Students: \$2.00

The CHS Planetarium is located in Carmel High School.

Enter through the main entrance of the school on Main Street, walk past the Dale Graham auditorium, and turn right.

Doors will open 30 minutes before show time.

No one will be admitted after the program begins. Children 12 years and under should be accompanied by an adult.
